

DO YOU KNOW WHAT YOU OWN?

Many investors own multiple mutual funds, which provides diversification. But often, investors are not aware of the business practices of the companies contained within those mutual funds, which may conflict with their moral beliefs. Ave Maria Mutual Funds are designed for pro-life and pro-family investors, and do not invest in companies engaged in abortion, pornography, embryonic stem cell research and those with policies undermining the Sacrament of Marriage. **The table below shows some of the top companies owned by mutual funds* and the reason they violate screens used by Ave Maria Mutual Funds.**
